ROGER C. SPAEDER AND JOSEPH N. TOSH look over last year's KEY in preparation for their duties as Editor and Business Manager of the 1964 KEY.

Spaeder, Tosh Take KEY Posts

Roger C. Spaeder and Joseph N. Tosh have been named editor and business manager of the 1963-64 KEY by the Publications Committee.

Spaeder, who was on the copy staff of the '63 KEY explained briefly that the yearbook "should serve a threefold purpose: In a practical sense, it should be an organized, concise record of the events which occur in a school year. The KEY should also be close to the tempo of the University community and should indirectly express the mood of the members of the community. Also, the KEY should be a "selling point" for the University; it should be something which will attract good students and faculty members to the campus."

Right now Spaeder is in the process of receiving applications for area editors. He hopes to get a larger number of freshmen interested in KEY work next year so that there will be a larger group to fill editorships in future years.

Spaeder is a math and physics major in the Colleges of Liberal Arts and Education. He has a 3.40 accumulative grade point average and is a member of Kappa

Mu Epsilon, national mathematics honor society, and Phi Kappa Tau social fraternity.

Joseph N. Tosh was appointed business manager for a second year. Tosh is a finance major in the College of Business Administration, a member of the Leadership and Service Board, and a member of Sigma Phi Epsilon social fraternity.

Next year the business staff plans to instigate a new policy for KEY sales. The book will go on sale for \$6.00 next fall but after Christmas the price will go up to \$7.00. This will be done so some students will not wait until the book comes out to see how it is. Then if the students like the book, they will buy. Meanwhile those who ordered in the fall are taking the gamble. It will also stabilize the ordering of the books because the original order sent to the printer cannot be changed. Thus it is necessary to decide how many extra books will be sold in the spring when ordering the entire lot, according to Tosh.

The other members of the business staff are, Thomas E. Richardson, assistant business manager; and Robert E. Burger, advertising manager.

Sessions Offer Many Courses This Summer

From a course in the "Slow Learning Child" to a Geology Field Trip to the Summer Theatre at Huron, one can choose from a large selection of workshops, special programs, and regular academic courses during the 1963 Summer Sessions.

More than 30 courses will be offered this summer. The first session will be from June 11 through July 16 with registration being from April 27 through June 10. The second session will be from July 18 through August 21 with registration from July 15 through 17. The Extended Session for entering freshmen will be from June 17 through August 22.

The Extended Session lasts 10 weeks rather than the regular concentrated five week period to give entering freshmen a better chance to become acquainted with University work. The 10 week period is equivalent to a quarter.

In the workshop, "The Slow Learning Child," the mornings will be devoted to observing two demonstration groups of children being taught in a classroom situation. The children will be slow learning children from the area who will not have to pay for the instruction they receive in the class, said Dr. Ralph H. Geer, director of Summer Sessions and Off-Campus Programs.

The afternoon will be devoted to discussions, panels, and lectures by recognized authorities in the field of educating the slow learning child. The workshop will meet for three weeks from June 10 through 28 and will give three hours of credit.

Some of the special programs offered this summer will include working with the Summer Theatre at Huron and study abroad.

The regular sessions of Summer School will have courses from every department in the University. In all more than 300 courses will be offered.

Courses will be offered for graduate and undergraduate credit. For further information contact the Summer Sessions office, 200 Administration Bldg.

Roommate Applications Available, Says Rudd

"Roommate applications are scheduled to become available beginning tomorrow," said Robert G. Rudd, director of residence services. The forms may be obtained from the Housing Office, 102 Administration Bldg.

Roommate requests may be made for the first Summer Session, as well as for the fall semester, 1963-64. June 1, has been set as the deadline for returning completed forms.

"All students are requested to give careful attention to completion of the requests," added Rudd. "An incorrectly completed form may decrease the student's chance of being granted a request."

"The Housing office does not guarantee that all requests will be honored."

Cheerleading Tryouts To Begin Tomorrow

Varsity cheerleading tryouts will be held from 6 to 8 p.m. tomorrow and Thursday at Anderson Arena in Memorial Hall.

Those women trying out for the 5 positions on the cheerleading squad attended the cheerleading clinic last Thursday and Friday. At the clinic the women were taught 4 cheers which included the basic arm movements, crowd appeal, voice quality, personality and appearance," stated Marilyn J. Gelo, head cheerleader.

Miss Gelo said that scholarship is considered also, and women trying out must have a minimum grade average of 2.0, and have received a 2.0 grade average last semester.

Symphony Tickets To Sell Tomorrow

Tickets will go on sale tomorrow for the Philadelphia Symphony Orchestra's concert at 8:15 p.m. Tuesday, May 7, in the Ballroom.

Student price is twenty-five cents. General admission is \$2. The tickets may be purchased in the Union lobby.

The concert will feature the world renowned conductor Leopold Stokowski.

Mathews, Hartline Win Awards At Panhellenic Recognition Dinner

Melinda L. Mathews

Susan J. Hartline

Melinda L. Mathews was named "Outstanding Greek Woman" at the second annual Panhellenic Recognition Dinner last night.

Alpha Xi Delta social sorority won the Esther Russel scholarship for the highest active chapter grade average. The Alpha Xi's had a grade average of 2.991.

The scholarship plaque for the highest pledge class grade average of the fall semester was awarded to Alpha Xi Delta social sorority, which had a grade average of 3.006. This award is sponsored by the Bowling Green chapter of Alpha Chi Omega social sorority.

Grade Average Improves
The scholarship trophy for chapter improvement, which is based on an absolute comparison between grade averages of first semester, 1962-63 and second semester, 1961-62, was awarded to Phi Mu social sorority with a grade average improvement of .1970. This trophy is sponsored by the Bowling Green City Panhellenic Council.

The fall pledge class of Phi Mu social sorority won the silver plate for pledge class improvement. This award is based on an absolute comparison between the grade averages of the first semester, 1962-63, and second semester, 1961-62. The Phi Mus achieved a grade average improvement of .504. This plate is sponsored by the Bowling Green City Panhellenic Council.

Due to the longevity of the Esther Russel scholarship cup, Delta Gamma social sorority retired the original cup to the social sorority which received the award the most times over a ten-year period. Gamma Phi Beta social sorority which has received the cup four of the 19 times during this ten-year period, received the original cup.

Chosen By Committee
Susan J. Hartline was the recipient of the "Florence Currier Award" for 1962-63. This award of \$100 is presented to a junior woman selected by an anonymous committee who has achieved excellence in both academics and extra-curricular activities.

Mrs. Florence K. Currier, retiring dean of women, was presented a five-piece silver tea set by Panhellenic Council in recognition for the service and inspiration which she has given to it. Dean Currier received a standing ovation from the audience.

Miss Mathews, who is a member of Alpha Chi Omega social sorority, was selected as "Outstanding Greek Woman" by an

(Con't. on Page 4, Col. 2)

Fine To Give Education Talk

Dr. Benjamin Fine, the only syndicated education editor in the United States, will present a free public lecture at the University tomorrow at 8 p.m. in the ballroom. His subject will be "New Frontiers in American Education."

The writer's three columns are read daily by millions in North American Newspaper Alliance's more than 100 papers. His articles have been widely hailed by educators and parents and he has been awarded over 30 special awards and citations, including the coveted George Polk Memorial Award for "Outstanding Reporting in the Field of Education." Dr. Fine also is the recipient of eight honorary degrees.

In the summer of 1960 he made an extensive tour of the Soviet Union studying its educational system. And, in 1961 the Republic of West Germany invited him—the first American so honored—to study its schools and report his observations and suggestions for improvement.

Prior to joining NANA, Dr. Fine was for 17 years Education Editor of "The New York Times." In this capacity he covered all the important educational events including the UNESCO Conferences on Education in the United States and abroad.

He is the author of numerous books, including: "Teaching Machines," "The Modern Family Guide to Education," "1,000 Delinquents," "Our Children are Cheated," and "How to Get the Best Education for your Child."

200 Foreign Research Grants Open For Graduate Students

Graduate fellowships offered by foreign governments, private donors and universities are available to 200 qualified American graduate students for the 1964-65 academic year. The grants, for study or research in a dozen or more foreign countries, are administered by the Institute of International Education.

The scholarships, which generally cover tuition and full or partial maintenance, are available for study in Austria, Denmark, France, Germany, Israel, Italy, Mexico, the Netherlands, Poland, Sweden, Switzerland and Yugoslavia.

NEWS Wins 6 Awards At Convention

The NEWS placed in six categories in the 12th Annual Ohio College Newspaper Association (OCNA) convention held in Cleveland last week end.

Judged as the third best daily (published more than once a week) in the state, the NEWS placed behind the Miami Student and the Ohio University Post. Ann K. Jett, former NEWS editor, won a third place in the news story division, with her telephone interview of Dr. William Travers Jerome III, president-elect of the University. Lloyd A. Vaughn, NEWS advertising manager, won a third place in the advertisement layout division.

Earning honorable mention were Annette M. Conegio, front page makeup and typography, and Vernon E. Henry and Horace W. Coleman, picture story (Spring Week End, 1962). The NEWS also received an honorable mention in the education service division for its education page in the Nov. 13 issue.

During the two-day meeting, representatives of more than 40 college newspapers attended discussion sessions conducted by student moderators, and heard a four-member panel of professional journalists discuss opportunities in their fields.

Eleven members of the NEWS staff attended the convention.

Visiting Ohio State Physicist To Lecture Here Thursday

Dr. Harold H. Nielsen, internationally known physicist and chairman of the department of physics and astronomy at Ohio State University, will be a visiting lecturer at the University tomorrow, Thursday, and Friday.

He will visit under the auspices of the American Association of Physics Teachers and the American Institute of Physics as part of a broad, nationwide program to stimulate interest in physics. The program is now in its sixth year and is supported by the National Science Foundation.

A native of Menominee, Mich., Dr. Nielsen holds the following three degrees from the University of Michigan: the B.A., awarded in 1926; the M.A., 1927; and the Ph.D., 1929. He also attended St. Olaf College, Northfield, Minn.

Dr. Nielsen went to Ohio State as an instructor in 1930, became an

assistant professor in 1933, associate professor in 1936, and was advanced to a full professorship in 1943. He has headed the physics department since 1946.

His field of specialization in physics is infrared spectroscopy, and he has written numerous papers on this subject for publication in scientific journals.

While on campus, Dr. Nielsen will give public lectures, meet informally with students and staff members, and discuss curriculum and research problems in physics. Highlight of Dr. Nielsen's visit will be his lecture at 7:30 p.m. Thursday in 70 Overman Hall. The lecture will be on a topic of interest to most science students. Many of the area's high school teachers and college professors also have been invited to his lecture.

BULLETIN
All students who made housing applications for the first semester, 1963-64, are reminded that the initial payments of \$75 for fall room and board accommodations are due by May 1, 1963. All unpaid Acceptance Agreements will be cancelled on that date. Students are urged to contact their parents immediately if these payments have not been submitted.

Students To Vote For Queen To Reign Over Spring Activities

The 1963 May Queen and her court will be elected Thursday, May 2. Twelve senior women, representing eleven sororities and one residence hall, are vying for the May Queen's crown.

Students can vote from 8:30 a.m. until 4:30 p.m. at five polling areas. Voting booths will be in the lobbies of the Administration Bldg., the Union, Founders Quadrangle, the west wing of Rodgers Quadrangle, and in the dining areas of the Women's Residence Center.

The candidates for May Queen are as follows: Sandra L. Burt, Delta Gamma; Betty J. Callahan, Kappa Delta; Mary Rose Calo, Alpha Gamma Delta; Sandra S. Earhart, Alpha Delta Pi; Linda R. Goist, Chi Omega; Sharon E. Lapka, Alpha Xi Delta; Mitzi J. Legg, Delta Zeta; Kathleen E. Maughan, Alpha Phi; Melissa J. Miller, Gamma Phi Beta; Myra J. Prechtel, Alpha Chi Omega; Sally J. Schweizer, Prout Hall; and Janice E. Walther, Phi Mu.

The 16 candidates for junior attendant to the May Queen are as follows: Eva A. Deen, WRC West Hall; Sydney L. Doane, Alpha Phi; Carol A. Dyke, Alpha Gamma Delta; Linda M. Fitzhugh, Phi Mu; Sharon L. Gilmer, Delta Gamma; Melissa K. Harder, Delta Zeta; Eugenia C. Hodge, Delta Xi Delta; Norma J. Irwin, WRC North Hall; Patricia K. Isaacson, Kappa Delta; Susan E. Jones, Chi Omega; Janet C. Lady, Prout Hall; Linda E. List, Gamma Phi Beta; Shirley J. Madak, Alpha Chi Omega; Sandra J.

Pappas, Alpha Xi Delta; Linda L. Schneider, Shatzel Hall; and Susan T. Wisner, Alpha Delta Pi.

The candidates for sophomore attendant to the May Queen represent the following sororities and residence halls: Dianne Armstrong, Phi Mu; Virginia M. Bescher, Delta Zeta; Christina S. Carfrey, Delta Gamma; Martha E. Davenport, Chi Omega; Linda L. Free-walt, Alpha Chi Omega; Joan C. Houston, Gamma Phi Beta; Katherine Leadbetter, WRC East Hall; Carole J. Lennard, Alpha Gamma Delta; Regina L. Lejek, WRC West Hall; Bette J. Rinehart, Shatzel Hall; JoAnn C. Salter, Kappa Delta; Susan H. Sawyer, Alpha Delta Pi; Sandra A. Showers, Alpha Phi; Sally J. Williams, Alpha Xi Delta; and Linda Sue Wills, Delta Xi Delta.

There are 16 candidates for freshman attendant to the May Queen. They are as follows: Susan F. Barbin, Mooney Hall; Melissa M. Bland, Phi Mu; Connie Cartel-lone, WRC West Hall; Marilyn C. Cook, Alpha Gamma Delta; Marsha A. Dobbs, Chi Omega; Victoria Gatov, Delta Gamma; Sherry L. Kaufman, Harmon Hall; Martha E. Kehres, Alpha Delta Pi; Diane K. Kirkwood, Alpha Chi Omega; Elizabeth S. Luckie, Alpha Phi; Janet B. Pruzinsky, Lowry Hall; Mary L. Stanley, Treadway Hall; Darby C. Strand, Alpha Xi Delta; Carolyn S. Tennant, Gamma Phi Beta; Nancy J. Walent, Kappa Delta; and Penni L. West, Delta Zeta.

Interesting Duties Await Chosen Few

By Joan Jennings, NEWS Writer

Does the job of handyman, lovelorn counselor, protector of the household, director of athletics, "big brother," and philosopher interest you?

Could you teach judo, fix charm bracelets, arrange dates, lecture on male-female relations, keep cats out of water pipes, play Santa Claus, and keep ashtrays clean when more than twenty women are smoking? If so you are qualified to be a sorority houseboy.

No other occupation, as it seems, requires an "honor guard" to change a light bulb on the second floor living quarters. Yet the sorority houseboy reigns supreme in the maintenance of a house from his mop-paneled office—the pantry.

In this exclusive chamber, he advises and consents to female

strategy for catching unknowing males. Skillfully, he answers questions like "What does he think of me? Should I kiss him on the first date? After being pinned for two years, how can a girl get back into circulation? Why did he ask her to Homecoming? What could he possibly see in that thing he took to the Circus Club?"

As a counselor, the houseboy arranges study sessions with brilliant male students in Physics 432 or Marketing 205.

As protector of the household and guardian of the sisters, he casts a wary eye on wolves that enter his domain. He plugs up water pipes to keep out lurking cats that frighten the housemother. He catches the mouse which a sister found frozen in the snow but just happened to thaw.

Artfully, he teaches judo though often he suffers a sprained shoulder when a sister has learned too well. He tries to put across to the novice that the jack of spades, not the ace, takes the trick in euchre.

KEY Unlocks Annual Riddle

"An annual is a key to unlock the past." Those words gave the University yearbook its name in 1924.

In 1918 the first Bowling Green yearbook, known as the Bee Gee was published. After that one edition until 1924, a special June publication of the Bowling Green newspaper, as a tribute to the graduating class, served as a yearbook.

In 1924 there was a meeting at Bowling Green devoted to speeches about annuals. R. B. McChandless, athletic director, spoke on "My Annual and What It Means to Me." In his speech he referred to an annual as a key which he used to unlock his past. Professor J. Robert Overman presented the idea that a Bowling Green yearbook be known as the Key. The name was adopted and has now served for 40 years.

Housemother To Retire After 13 Years' Duty

Mrs. Melva Webb, housemother of Alpha Xi Delta sorority, was initiated into the sorority Sunday afternoon. Mrs. Webb will retire this year after having served as housemother for 13 years.

The activation of Mrs. Webb was preceded by pledging on April 23 and was held on the twentieth anniversary of Beta Mu Chapter of Alpha Xi Delta.

ZBT's Lose 15-4 To Sorority Stars

The Sorority All-Stars proved to much for the Zeta Beta Tau team, as the females romped to a 15-4 victory in the ZBT-All Star softball game held Sunday on the practice football field behind the Fine Arts Bldg.

The ZBTs started an all senior lineup, which met moderate success in coping with the All-Stars, trailing the women by only one run, at the end of the fourth inning. The All-Stars exploded for ten runs in the fifth inning, to completely shatter the ZBT's confidence.

Materialist Minded Fraternity Sponsors Skimpy Social Affair

Members of Delta Upsilon social fraternity and their dates attended a "Yard Party" from 8:30 to midnight Saturday at the fraternity house.

The unique aspect of this event did not concern a grassy lawn but a square yard of cloth which members presented their dates several days before the party. There are many things one can make from a yard of material; however, the members of Delta Upsilon were not thinking of tablecloths or items of that nature when they passed out the cloth. Not by a long shot!

Women receiving the yard of material also received directions for its use. The women were to use the cloth to make a costume for

themselves. Since a yard can only go so far, care had to be taken that no material was wasted. As a further incentive to thrift, a prize was awarded to the woman who returned the most unused material.

This could be the start of something big since these parties could catch on and become a fad. There is a risk that things could get out of hand as time passes. Inevitably some creative soul dissatisfied with the yard party would feel the need to innovate. Soon "foot parties" would start making their appearances across the nation. Since this would in all likelihood be frowned upon by the more conservative element, it would appear that the yard party is doomed to an early extinction.

Falcons 2nd In MAC; Down Kent, 10-3, 12, 3

Coach Dick Young's Falcon baseball team, after defeating Kent last Friday and Saturday, is holding down second place behind Western Michigan in the Mid-American Conference. In non-league action, Bowling Green hosts the Dayton Flyers at 3 p.m. today at University Field.

Tomorrow, BG travels to the University of Detroit. This is the second game of the season be-

tween the Falcons and the Titans. BG won the first 3-1.

Bill Gast paced Friday's 10-3 victory with five hits in five at-bats. While driving in four runs and scoring two, Gast had two single, a double, a triple, and a home run.

BG had its best offensive showing of the season with a 14-hit attack. The bulk of the Falcons scoring came in the third inning when they produced five runs. Kent only had five hits.

Winning pitcher was Denny Stump, who now has four wins against no losses. Stump had some control trouble and was relieved by Roy Clark in the fifth. Clark pitched the rest of the game without letting Kent score.

Tom Tietmeyer, last year's MAC batting champion with a .581 mark, batted in two runs with his homer in the third inning.

Jerry Paner had three singles in the four times he appeared at the plate. Paner has now boosted his batting average over .300 for the first time this season. He averaged .380 in 1961 and .370 last year.

Catcher John Provost is looking more impressive every game with his strong hitting and fine handling of the pitchers. He was two-for-five Friday.

Saturday's 12-3 victory. Jack Thompson pitched the entire nine innings and gave up five hits, struck out six, and walked four. Thompson now has a 4-2 record.

Provost continued to rap the ball well with four singles in four at-bats. Tony Ruggiero, who was batting only .039 in 15 previous games, was two-for-two and walked twice.

Other Falcons who had two hits were Paner, Cal Caywood, and Thompson. Thompson also had two runs-batted-in.

Tom Tietmeyer sat out the second game. This was the first game he missed all season. He was replaced at first by John Doyle and John Martin.

The Falcons will be able to use the games with Dayton and Detroit as tune-ups for the upcoming week end when the league leading Western-Michigan Broncos come to Bowling Green.

Friday's and Saturday's games with Western will give the Falcons a chance to gain first place in the MAC. The Broncos appear to be the toughest Mid-Am opponents BG will face this year.

Thurs.—Track: CENTRAL MICHIGAN, 6 p.m.

Saelzler wins both hurdles . . .

Falcon distance men lead . . .

Provost connects . . .

Track Team Tops Toledo

Bowling Green's surprising undefeated track team meets its toughest opponent to date, and probably of the season, today, as the cinder men put their 4-0 record to a stern test against powerful Central State at Wilberforce.

The Marauders dominated the 21st Ohio Relays April 20, winning five of 13 races against many of the strongest teams in the country. Thursday, the thinclads host Central Michigan at 6 p.m.

The Falcons won 10 of the 15 events Saturday in defeating the University of Toledo 77-49. Lloyd Kime won the mile and two-mile events and Steve Saelzler swept swept both hurdle events to direct the BG onslaught.

The Falcon varsity track team rolled up a 73 2-3-52 2-3 victory over host Kent State Wednesday.

Steve Saelzler was a double winner for the Falcons as he captured the 120 highs with a time of 14.8, and the 330 intermediates with a time of 40.1. John Childs won the 440 with a time of 51.7, and was also a member of the winning Falcon mile relay team, along with Gene Krupp, Bill Carl, and Glen Browning. Their time was 3:28.9.

Al Solomon grabbed a second in the 100 yard dash with a time of 10.2. He took another second in the 200 yard dash. Captain Barry Binkley won the two mile run with a time of 9:44. Dale Cordova finished second in the mile run. Dick Elsasser took another second for the Falcons in the half-mile.

The field events were instrumental in the Bowling Green victory, as the Falcons won four out of five. Dennis Sherman won the discus event with a distance of 127' 10 1/2". Sherman took a second in the shot put, the only field event the Falcons didn't win. Ken Bryant won the broad jump with a leap of 21' 11 1/2". Bruce Zamcheck captured the high jump, clearing the bar at 6' 1". Keith Hamilton won the pole vault event with a height of 12 feet.

Stickmen Tie Mt. Union, 7-7; To Meet Wesleyan Saturday

The Falcon lacrosse team survived a 7-7 deadlock against Mt. Union at Alliance Saturday to remain undefeated.

Two Bowling Green stickmen required hospital treatment in a game marred by slashing penalties and excessive roughness. Captain Larry Bice required 13 stitches on the chin while mid-fielder Jim Plaunt needed five stitches beside the left eye.

The Falcon stickmen held a 6-5 margin in the final period until Mt. Union connected at 1:30 to send the game into overtime.

Plaunt, before being sent to the sidelines, opened the scoring for Bowling Green at 10:30 in the initial period, followed moments later by a goal at 11:31 by Steve Shuckra to give the Falcons a commanding 2-0 lead. The Purple Raiders countered at 13:05 and again at 14:00 when Gillmer, an All-Maryland lacrosse standout, connected on his first of four goals to knot the first quarter scoring at 2-2.

In the second period, Gillmer pushed Mt. Union into a 3-2 lead with a goal at 1:35. Mike Corrigan

scored for Bowling Green on an assist from Bice at 2:32. Don Israel forced the Falcons into the lead once again with a goal at 6:52, but the lead was brief as Gillmer again countered for Mt. Union at 9:20 to close out the first half scoring at 4-4.

Bice struck early at 3:03 for the Falcons before receiving a deep gash directly below the lip. Mt. Union's Lewis scored his second goal of the game at 4:00.

Bice returned to the lineup, after receiving stitches, to connect on his second goal of the game and seventh of the season at 12:50 in the final period to put the Falcons ahead 6-5. Mt. Union's Bove sent the game into overtime with a goal at 13:50.

Midfielder Don Williams put Bowling Green into a 7-6 lead in the overtime period at 2:05 but the elusive Gillmer again penetrated the Falcon defense at 3:50 to give the Purple Raiders a tie.

Mike Petrosini and Bab Schnauber shared goal tending duties for the Falcons. Petrosini deflected 13 Mt. Union attempts in the first half while Schnauber blocked 13 scoring efforts in the last half and the overtime period.

Carl Blum, crease attack, missed Saturday's encounter and was greatly missed. Blum, one of the few Falcon stickmen who have had pre-college experience, is still in the Wood County Hospital with a leg injury inflicted in the Michigan State game April 20.

Win Streak Ends At 8; Linksters 9-3

The Falcon's golf squad's eight-match winning streak was snapped over the week end, but Bowling Green still managed to pick up two victories to push its record to 9-3.

Ohio University's Bob Littler, one of the top collegiate linksters in the country, led nine-time MAC golf champion O.U. to a 15-9 triumph over Bowling Green in a triangular match with the Bobcats and Western Michigan Saturday at Kalamazoo. The Falcons defeated Western Michigan 18 1/2-5 1/2.

Littler fired a two-under par 70 to garner medalist honors for the match. Whitey Randall was B.G.'s medalist with a 72 in his first effort of the season.

Number one man, Stu Hughes shot a 74 to defeat his Western Michigan opponent but losing to Littler. Senior lettermen Chip Heyl won both of his matches while Skip Wille, Dick Ambrose, and Randall split. Burley Chapman lost both matches with an 80.

Stu Hughes led the Falcons to a 10 1/2-7 1/2 victory at Hillsdale Friday with a 71 to share medalist honors. Ambrose shot a 74 but lost to Hillsdale's co-medalist John Savarino. Heyl shot a 74 but lost his first match of the season. Heyl is 10-1-1. Randall, with a 74, and Wille with a 79, picked up important wins for Bowling Green. Randall replaced sophomore Tom Bollinger as sixth man for the week end.

The Falcons are in action Friday in a quadrangular match against Toledo, Kent State, and defending MAC champion Marshall, at Toledo.

Netters Down Marshall, KSU

Bowling Green's varsity tennis team will be meeting probably its stiffest challenge of the season Saturday when it travels to Kalamazoo, Mich., to do battle with the netters of Western Michigan University. Friday the netmen will play at Eastern Michigan.

The Broncos, tabbed as co-favorites for the MAC title along with Toledo by Falcon coach Bob Keefe, topped Bowling Green last year, 7-2, to be one of three teams to defeat the Falcons. This season, the Falcons are undefeated with a 7-0 mark. They protected that unbeaten record Friday and Saturday against Kent State and Marshall, by downing the Flashes, 6-3, and the Big Green, 8-1.

Lee Murray had his five-match winning streak interrupted against Kent Friday, falling to Ernie Kuhn, 6-4, 4-6, 9-7. Murray climbed back on the winning path against Marshall by upending Jeff Carroll, 2-6, 7-5, 6-2. His record now stands at 6-1.

Ted Norris, playing in the No. 2 position, also carries a 6-1 mark after defeating both of his opponents over the week end.

The netters, off to one of the best starts in the history of the University, swept the doubles matches to beat Kent State, and then came back to sweep the singles matches in downing Marshall.

Results of the matches are as follows:

Kent State

real stopper

Mennen Spray delivers 3 times the anti-perspirant power of any other leading men's deodorant. The fine spray mist gets through to the skin where perspiration starts. Deodorizes. Effectively. And works all day. Is it any wonder more men use Mennen Spray in the handy squeeze bottle than any other deodorant?

WHAT SCIENCE
HAS DONE TO
MAKE LIFE EASY FOR YOU

Fortunately for us, not all research scientists are concerned with men-in-orbit and nuclear energy. Their efforts helped create our new Summer fashions that stay crisp and cool under all conditions.

Delta Zeta social sorority was awarded second place for active chapter improvement. Delta Zeta had a grade average improvement of .1969. Third place was awarded to Alpha Gamma Delta social sorority, which had a grade average improvement of .142.

IT COULD BE BALLET, a war dance, or a sore foot. However, it's none of these. It's one of the contestants in the hopscotch event which was part of the "Child's Play" tournament held last Friday. The young lady concentrating so hard on playing the game is Joan E. Kums. The events were sponsored by the Cards and Games Committee of the Union Activities Organization. Other children's games played were marbles, jacks, tiddle-dy-winks, and jump rope. Trophies and medals were given to winners. (NEWS photo by Ron Watt)

Pianists, Trumpeter To Present Recital

A joint recital will be given by pianists Marilyn J. Rhoades and Patricia A. Brown, and trumpeter Larry W. Sherman, at 8:15 p.m. tomorrow in Recital Hall.

The program will include: "Sonata VIII" by Corelli; "Goldern Concerto" by Nelhybel; "Intermezzo; Opus 117, No. 2" by Brahms; "Kreislaria; Opus 16" by Schumann; "Quatre Variations Sur un Theme de Domenico Scarlatti" by Bitsch; and "The Seven Judges" by Sherman.

Miss Brown and Sherman are both seniors in the College of Education. Miss Rhoades is a freshman in the College of Education. There will be no charge for admission.

Assignment:
*build a sports car
to rank with
the world's best!*

Result: The experimental Ford Mustang, lively 2-seater loaded with significant engineering features

Just under 13 feet long—weight, 1544 pounds, 400 to 700 pounds less than comparable models of popular imported sports jobs—the Mustang is representative of the interesting design challenges at Ford Motor Company. Unique ways of reducing weight without sacrificing strength, to improve performance and economy, may stem from its design.

For example, seats are an integral part of the Mustang's body, adding structural rigidity. Brake, clutch and accelerator are mounted on a movable cluster which can be adjusted fore and aft (as can the steering wheel) to suit varying sizes of drivers.

Other important features: low-drag, aerodynamic shape proven in the wind tunnel; independent front and rear suspension; disc front brakes; roll bar built as an integral part of the body/frame structure; hot V-4 engine mounted forward of the rear axle in unit with a 4-speed manual transmission.

The Mustang is another example of how challenging assignments met by our engineers and stylists help Ford Motor Company maintain engineering leadership and provide new ideas for the American Road.
